PERCENTAGE DISTRIBUTION OF ORIGINAL GENERAL FUND APPROPRIATIONS

Chapter 01 08.02.01 -- RULES GOVERNING ADMINISTRATION

Rule 250. PUPIL ACCOUNTING AND REQUIRED INSTRUCTIONAL TIME. (Section 33-512, Idaho Code)

- 01. Required Instructional Time. Excluding transportation to and from school, lunch periods, passing times, and recess, schools must schedule at least the following instructional times: kindergarten, four hundred fifty (450) hours per year; grades one through three (1-3), eight hundred ten (810) hours per year; grades four through eight (4-8), nine hundred (900) hours per year; and grades nine through twelve (9-12), nine hundred ninety (990) hours per year. (4-1-97)
- 02. Required Attendance. All pupils will complete four (4) years of satisfactory attendance in grades nine through twelve (9-12) to graduate from an accredited high school, except those who are approved for early graduation. (4-1-97)
- 03. Day In Session When Counting Pupils In Attendance. (4-1-97)
- a. A school day for grades one through twelve (1-12) may be counted as a "day in session" when the school is open and students are under the guidance and direction of teachers in the teaching process for not less than four (4) hours of instruction per day. Lunch periods, breaks, passing time and recess will not be included in the four (4) hours. For kindergarten, each session will be at least two and one-half (2 1/2) hours per day. (4-1-97)
- b. Half-day Session. A half-day in session occurs when the students in grades one through twelve (1-12) are under the guidance and direction of teachers in the teaching process for a minimum of two and one-half (2 1/2) hours of instruction or the teachers are involved in staff development activities for not less than two and one-half (2 1/2) hours. (4-1-97)
- c. Teacher Inservice Activities. For grades one through twelve (1-12), not more than twenty-two (22) hours may be utilized for teacher inservice activities, based on the district approved calendar. In the event a school district chooses to utilize full days instead of half-days, the attendance reported for these full days will be the average of the attendance for the other days of that same week. (4-1-97)
- 04. Day of Attendance -- Kindergarten. A day of attendance for a kindergarten pupil is one in which a pupil is physically present for a period of two and one-half (2 1/2) hours under the direction and guidance of a teacher while school is in session or under homebound instruction. A homebound student is one who is unable to attend school for at least ten consecutive days due to illness, accident or an unusual disabling condition. Attendance will be reported in half-day increments. Attendance reports for any day in the school year will reflect only those students physically present. Particularly, enrollment figures are not to be used for the beginning nor closing weeks of school. (Section 33-1001(5), Idaho Code.) (4-1-97)
- 05. Day of Attendance (ADA) -- Grades One Through Twelve (1-12). A day of attendance is one in which a pupil is physically present for the full day under the guidance and direction of a teacher or other authorized school district personnel while school is in session or is a homebound student under the instruction of a teacher employed by the district in which the pupil resides, with the exception as stated in "day in session" above. A homebound student is one who is unable to attend school for at least ten (10) consecutive days due to illness, accident or an unusual disabling condition. Attendance will be reported in full or half-days. Attendance reports for any day in the school year will reflect only those students physically present or under homebound instruction. (Section 33-1001(4), Idaho Code) (4-1-97)
- 06. Average Daily Attendance. In a given school year, the average daily attendance for a given school is the aggregate days attendance divided by the number of days school was actually in session. (Section 33-1001(2), Idaho Code) (4-1-97)

In determining the experience factor, the actual years of teaching or administrative service in an accredited public school or in an accredited private or parochial school shall be credited.

In determining the education factor, only credits earned after initial certification, based upon a transcript on file with the teacher certification office of the state department of education, earned at an institution of higher education accredited by the state board of education or a regional accrediting association, shall be allowed.

DISTRIBUTION OF LOTTERY DIVIDENDS (Idaho Code 33-905)

Lottery dividend monies deposited in the School District Building Account shall be distributed to school districts and charter schools no later than August 31, 2005. The distribution shall be in the proportion that the 2004-2005 average daily attendance (A.D.A.) of the school district or charter school bears to the total statewide ADA. Approximately \$8,922,500 will be available to distribute to school districts and charter schools

PROPERTY TAX REPLACEMENT (Idaho Code 33-1002D)

Property Tax Replacement will be paid on December 20 and June 20 from the Public School Income Fund. See Property Tax Replacement Schedule to determine your district's distribution amount for 2005-2006.

- Estimated revenues which may be available on the dates indicated.
- ** Payments made to school districts and charter schools in August, October and November are advance payments for the current year and will be based upon payments from the public school income fund for the preceding school year. Each school district or charter school shall receive its proportionate share of the advance payments in the same ratio that its total payment for the preceding year was to the total payment to all school districts and charter schools for the preceding year.
